LinkedIn – LeetCode

EDUCATION

B.Tech (Computer Engineering)

JC Bose University of Science and Technology, YMCA, Faridabad

CGPA - 7.0

(2023 – 2027)

12th – Non Medical

Kendriya Vidyalaya, Narnaul

75.2%

(2021 – 2022)

10th Standard

Kendriya Vidyalaya, Narnaul

82.6%

(2019 – 2020)

EXPERIENCE

• Amazon (QAE Intern) – On-Site

June 2025 – Aug 2025

- Joined the Quality Assurance Engineering (QAE) team, contributing to automation and manual testing.
- Conducted preflight checks to validate builds before release.
- Designed and executed API test cases using Amazon's JASS tool.

• Callisto Infotech (Frontend Developer Intern)

Oct 2025 – Dec 2025

- Worked on UI enhancement and frontend updates for client projects.
- Managed and uploaded blog content through the Django admin panel.
- Assisted in debugging and resolving frontend issues.

• IEEE Women Summit, Delhi – Volunteer

- Managed social media activities, increasing event visibility by 30%.
- Assisted in organizing speaker sessions and technical workshops.

TECHNICAL SKILLS

- **Languages:** C++, Java, HTML, CSS, JavaScript
- **Libraries:** Pandas, NumPy, Matplotlib, Seaborn, Scikit-Learn, Bootstrap
- **Frameworks:** React, Django
- **Tools:** Git, Jupyter Notebook, VS Code, JASS
- **Problem Solving:** Solved 550+ problems on LeetCode (DSA)

PROJECTS

• Online Exam Cheating Detection System (Python, OpenCV, MediaPipe)

- Developed an AI-based proctoring system for online examinations.
- Implemented face detection, eye tracking, and head pose estimation.
- Generated alerts for suspicious activities and multiple-face detection.

• Plant Disease Detection System (Python, CNN, TensorFlow, OpenCV)

- Developed a CNN-based model to detect plant diseases from leaf images.
- Applied image preprocessing and classification techniques.
- Improved prediction accuracy through model optimization.

• Code Plagiarism Detection System (Python, NLP, TF-IDF, Cosine Similarity)

- Built a system to detect similarity between source code files.
- Used TF-IDF vectorization and cosine similarity for comparison.
- Generated plagiarism percentage reports automatically.

CERTIFICATIONS

- Generative AI – AWS
- Introduction to Soft Skills – TCS iON

EXTRACURRICULAR ACTIVITIES

- IEEE, YMCA – Participated in AI & ML discussions, hackathons, and networking.
- Samarpan (Technophile), YMCA – Tech workshops and knowledge sharing.

LANGUAGES

- English – Proficient
- Hindi – Native
